PORTFOLIO

SUMMARY

Recent graduate with expertise in Java full-stack development, including Spring MVC and Spring Boot. Skilled in front-end and back-end technologies, with experience in building scalable, user-centric web applications. Eager to contribute and grow in a collaborative environment.

SKILLS AND ABILITIES

Programming Languages:	Java, C, Python
Database:	MySQL, JDBC, Hibernate
Web Technologies:	HTML, CSS, JavaScript
Backend Frameworks:	Spring Core, Spring MVC, Spring Boot, REST API, Servlet
IDE:	Eclipse, Visual Studio, Apache NetBeans
DevOps:	Jenkins, Git, GitHub
Methodologies:	Agile

Team and Individual Player | Flexible and Adaptable | Effective Communicator | Quick Learner

EXPERIENCE

06/2024 – 09/2024   **Java Full Stack Development Intern**
Workflow SOFTWARES - Sankeshwar

Built a Bank Management System using Java and MySQL, featuring fast cash withdrawals, mini statements, PIN change, and real-time balance updates. Designed a secure MySQL database to handle sensitive financial data and ensure efficient transactions.

EDUCATION

2022 - 2024   Master of Computer Application (MCA) | **CGPA: 8.8**
KLE Technological University - Hubballi

2018 - 2021   Bachelor of Science (BSc CS) | Percentage**: 77.88 %**
Rani Channamma University - Belagavi

2018   XII/PUC - Karnataka Board, SDVS Sangha's PU College, Sankeshwar.
2016   X/SSLC - Karnataka Board, SDVS Sangha's S D High School, Sankeshwar.

CERTIFICATIONS

- Java Full Stack Course by KodNest, Bengaluru.
- DevOps Fundamentals by Infosys Springboard.
- Hands-on Deep Learning Training by Infosys Springboard.

PROJECT

Facial Recognition Attendance System

Developed an automated system using OpenCV, KNN, Flask, and Pandas for real-time face detection and attendance tracking. Features include real-time recognition, CSV-based data management, and a user-friendly interface. Designed for scalability and security, it's ideal for attendance, access control, and personalized services.
